PROJECT SUN STREAK (U)

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

-----  
PROJECT NUMBER: 0743                      SESSION NUMBER: 1  
DATE OF SESSION: 13 JUL 88              DATE OF REPORT: 13 JUL 88  
START: 0836                              END: 0920  
METHODOLOGY: CRV                      VIEWER IDENTIFIER: 025  
-----

1. (S/NF/SK) MISSION: Stage 4 training. Site was Madison Square Garden.
2. (S/NF/SK) VIEWER TASKING: Coordinates 4045/5950; and movements within the target area.
3. (S/NF/SK) COMMENTS: Excellent viewing--025 almost called the site, (see below). The only problem encountered was that typical of all early Stage 4 sessions, to wit, placing data in an incorrect column.

This session would have been evaluated 5, but the perception of (AOL matching) "coliseum" arose from ideas associated with only size and layout of the site, rather than a combination of these things plus those of the activity normally associated with the gestalt of coliseum--and there is no doubt but that 025 would have acquired these additional percepts soon--in which case the viewer would have ended up with a percept similar to "coliseum" in the AOL/S column (and an evaluation of 5 for acquiring the total site gestalt). However, rather than allow the AOL match to be passed by and remain simply an AOL, the monitor purposely ended the session prematurely and supplied the feedback; the percept (coliseum) being so closely related to the site that it could be used by the monitor to strongly reinforce the correctness of the viewer's (unconscious) behavior. (The rationale for cutting the viewer short was explained to 025 in the post-session discussion). The data, including the perceptions of "New York", combined to make this a very satisfying session for 025 and to greatly bolster the viewer's confidence.

4. (S/NF/SK) EVALUATION: [4]

Site 743

Madison Square Garden

In New York City, this indoor sports and entertainment complex was opened in 1968. It is located between Seventh and Eighth Avenues from West 31st to West 33rd Streets. The complex consists of a circular arena structure and an office building tower. A 20,000 seat arena accommodates basketball, boxing, hockey, tennis and track events, horse and dog shows, circuses and rodeos. The 5,000 seat Felt Forum hosts smaller entertainment and sports events. The complex includes a Gallery of Sports Art, a Sports Hall of Fame and exhibition rotunda, a bowling center and a motion picture theater. Madison Square Garden is the home of the Rangers Professional Hockey Team and the Knickerbockers Basketball Team. This complex is the fourth built to hold the name Madison Square Garden.
